South Hall, one of the old Navy barracks erected during the period immediately following World War II, has all the metal siding removed and will be refinished in brick and aluminum of the same type as that used in the renovation of West Hall. Eventually, it is planned to complete the three-unit group in a similar pattern. With the completion of South Hall, two of the units will be completely remodeled.

### CORRECTION FROM LAST ISSUE

The announcement of the wedding of Miss Betty Jo Martin, 1446 Claiborne Avenue, Shreveport, in the last issue was an error. Betty Jo Martin did get married to Mr. Sneed, but she is **not the Betty Jo Martin of 1446 Claiborne Avenue.** The Column wishes to make apologies for this error. Since the names were the same, an incorrect assumption was made.

Betty Jo Martin, the one about whom we thought we were writing, is presently in Holland serving as Service Club Director for the U.S. Air Force, where she has been for the past two years.

She expects to return to the States in August. Thanks to Janette Pace Boswell for the correction. **IS OUR FACE RED?**

## PROF. WINSTEAD DIED JULY 9, 1958

ROBERT WHITTHORNE WINSTEAD, 33, RETIRED PROFESSOR of Latin and English, passed away July 9, 1958. Mr. Winstead retired from active duty at the College in June, 1943, after thirty-five years of continuous service to this institution.

A native of Franklin, Tennessee, Mr. Winstead received his B.A. and M.A. degrees from George Peabody College. He taught in Tennessee and Alabama public schools before coming to Lake Charles, Louisiana, in 1907 as assistant principal of the Lake Charles High School. In 1908 he was employed as a teacher of Latin at Normal under the regime of President J. B. Aswell.

Mr. and Mrs. Winstead celebrated their golden wedding anniversary on June 19, 1957. They met at Peabody College while taking a competitive examination for a scholarship. Mr. Winstead not only won the scholarship but the love of his gracious colleague and rival, Miss Elizabeth Briggs, who became his wife a few years later.

During his thirty-five years at Northwestern State College, or

"Normal" as it was then called, Mr. Winstead showed his versatility by teaching Latin, arithmetic, algebra, geometry, history, and English. He had charge of boys' and girls' quartets, coached teams in tennis, softball and golf, and for three weeks was coach of the football team.

After retirement, Mr. Winstead was happily engaged in numerous private, civic, and religious enterprises. He enjoyed hunting, fishing, boating, reading, cabinet-making, metal-working, and many other activities. An ardent sports fan, he rarely missed any games in all sports played on the campus.

While he became an adopted son of Louisiana, he served her and the youth of Louisiana well. Helpful, sympathetic, understanding, and of a happy disposition throughout life, he made the world a happier place in which to live.

## APPRECIATION WEEK —WRITE A LETTER

*This Is A "Big Secret"—  
Just Between Us*

Now what is Appreciation Week? Just to be frank with you, it is not new. It is something you have thought of doing many times but never took the time to do it.

During your college days here at Northwestern or Normal, you had some teacher or teachers for whom you developed a great fondness and respect. You have thought about writing them a personal note or letter expressing your appreciation for the things they did for you, or for some influence they had upon you or your later life. It may be you were permitted to "sleep" in their classes or else they kept you wide awake and alert. It may have been a personal trait or characteristic you remember with fondness or otherwise. At any rate, write a letter to reach them the week of November 2-8.

We will be delighted to receive all these letters in the Alumni Office and personally deliver them to the recipients at the end of Appreciation Week, if you will make a notation on the bottom corner of the envelope, such as (APP. WEEK—SMITH), indicating the name of the person to whom they are to be delivered.

If the person to whom you write has retired or moved, we will see that the letters are delivered. Please remember, we will not open or read any letters but deliver them to the person whose name is in the bottom corner. Place your name and address on the letter so it may be returned to you if delivery is impossible.

You will bring happiness to many hearts and, I believe, you will enjoy writing the letters. Don't forget the date—Appreciation Week, November 2-8. And write that letter—send it to the Alumni office. We will deliver it.

Dean Easley was assistant to the Dean of Applied Arts and Sciences and also associate professor of Business. He received the A.B. at N.S.C. and the M.A. Degree from L. S. U.

## DEMONS OPEN SEASON WITH EAST CENTRAL OKLA.

With only ten days in which to prepare for the season's opening football game, Coaches Jack Clayton, Alvin Brown, Walter Ledet, and Ernest Howell have had their charges going at two-a-day practice sessions to get them in readiness for the season opener with East Central Oklahoma State Tigers on September 13. The game is to be played at the State Fair Grounds stadium in Shreveport.

The Demon squad will be built around nineteen returning lettermen from last season. They will be augmented by some red-shirts, transfers, and freshmen. There are only five seniors on the squad. Three of the returning lettermen are All GSC selections from 1957. They are Billy Booth, End; Fred Wylie, Center, and Charles Tolar, Full-back. Bert Heckel, tackle, made All-GSC 2nd team.

Other returning lettermen are: Ends, George Smith and Paul Robinson; Tackles, Ronnie Kincer and Terry Misenheimer; Guards, Billy Moore (1956), Robert Powell, Jerry Fults, Jerry Didier, and Dean Smith; Centers, Claude Roberts and Burt Douglas; Quarterback, Dale Hoffpauir; Halfbacks, Bobby Stanley, Jerry Lott and Don Deen; Fullback, Charles DeSadier.

According to Head-coach Clayton, the squad has a fine spirit and hustle. The greatest weakness will be lack of depth at certain positions and lack of experience. Prospects early in the practice sessions indicate that several freshmen are making very good progress and, with experience, will fill many of the gaps that now exist.

Three new teams are on the schedule this season. They are East Central State College of Oklahoma, Texas Lutheran College, and Alabama State College.

The schedule for the season is as follows: Sept. 13, East Central Oklahoma at Shreveport; Sept. 20, Lamar Tech at Beaumont; Sept. 27, McNeese State at Lake Charles; Oct. 4, Louisiana College at Natchitoches; Oct. 18, Louisiana Tech at State Fair Stadium, Shreveport; Oct. 25, Texas Lutheran at Natchitoches; Nov. 1, Northeast State at Monroe; Nov. 8, Southwestern Louisiana Institute at Natchitoches (Homecoming); Nov. 15, Alabama State College at Natchitoches; Nov. 22, Southeastern Louisiana College at Hammond. All games, except Homecoming, will be played at night.

## Diamond Jubilee Year For N. S. C.

President Kyser has announced the 1958-1959 academic year as the Diamond Jubilee Year of Northwestern State College, celebrating the founding of the College by Act of the Legislature on July 7, 1884.

A committee, composed of some fifty members of the administration, faculty, staff, and students, has been named to work out plans and activities for the year. Various planned activities and celebrations will take place throughout the year and will not be given during a specified week. The grand finale will most likely come during the latter part of the session.

## Summer Session Has Record Attendance

The summer session of 1958 set a new record of attendance at summer sessions for the College during its entire history. According to the Registrar, there were 1854 students registered for summer courses. One hundred seventy-five degrees were conferred at the end of the summer, 75 of which were Masters Degrees.

At the end of the spring semester, 1958, 191 degrees were conferred, giving a total for June and August of 366.

## LARGE ENROLLMENT EXPECTED IN FALL

According to Dean Fulton, reservations for the fall semester are running about 200 to 250 above that of last fall at this date. All dormitories have been filled to their normal capacity and the doubling-up process has begun in several buildings. This is true in spite of the fact that additional housing has been completed to care for 300 more students for the fall semester than was available last year.
